Objective

- Motivated and enthusiastic Computer Science Engineering student currently in the 3rd year of B.Tech, with hands-on experience in web development and software projects. Eager to apply technical skills and continue learning in a dynamic tech environment.

Education

- **B.Tech in Computer Science Engineering**
Maharishi University of Information Technology
2022 – Present (3rd Year)
- **Senior Secondary (12th Grade)**
Manasthali Education Centre Reoti Ballia UP
Completed: [2022]
- **Secondary (10th Grade)**
Navjeevan English School Belthara Road Ballia UP
Completed: [2020]

Technical Skills

- **Languages:** Java, C, JavaScript
- **Web Technologies:** HTML, CSS, JS
- **Tools & Frameworks:** VS Code

Projects

- **Recipe Finder Web App**
 - Built a recipe suggestion tool where users can input ingredients and receive matching recipes.
 - Integrated with recipe APIs and focused on responsive UI design.
- **Amazon Clone**
 - Developed a front-end replica of the Amazon homepage using HTML, CSS, and JavaScript.
 - Implemented basic e-commerce layout and styling features.

Certifications & Awards

- **Coding Blocks Certificate** – Attended a five-day program covering core programming concepts, problem-solving, and hands-on coding experience.
- **Hacking Club Certificate** – Completed an intensive two-day program on Ethical Hacking & cybersecurity fundamentals, including threat analysis and defensive strategies.

Strengths

- ✓ Fast learner with a strong foundation in core programming concepts.
- ✓ Passion for web development and problem-solving.
- ✓ Team player and effective communicator.
